

CONGRESS WILL END SESSIONS TODAY

Both Houses Hold Protracted Sessions to Wind Up Affairs

APPROVE REVENUE BILL

Only Physical Impossibilities of Engraving Revenue Bill Delayed Final Adjournment

SCORES OF MEMBERS LEAVE

WASHINGTON, Sept. 7.—Congress will adjourn tomorrow morning at 10 o'clock. After nine months devoted to legislation both houses held protracted sessions tonight to wind up their affairs by approving the conference agreement on the emergency revenue bill to raise approximately \$200,000,000, desired by the administration to meet the extraordinary appropriation for national defense and the Mexican emergency.

Scores Leave Capital.
Only the physical impossibilities of engraving the revenue measure in time for the president's approval before tomorrow morning prevented final adjournment tonight, despite the waning protests of members of both houses who threatened but did not execute the threats to prolong the session by demands for action on measures which were forced over until December. Leaders of the senate and house agreed upon a concurrent resolution to adjourn at 10 o'clock in the morning and scores of members left town on midnight trains eager to reach their homes for participation in the national political campaign.

The last appropriation measure, the general deficiency bill, was adopted by both houses while waiting for the conference report on the revenue bill and the senate ratified the Danish treaty to provide for purchase of the Danish West Indies for \$25,000,000. The corrupt practices bill to limit campaign expenditures and the immigration bill which President Wilson had announced he would veto if passed were put aside and will be taken up and pressed to a vote early in the December session.

Contains Destructive Provisions.
The revenue bill as it will go to President Wilson for approval tomorrow contains drastic provisions empowering the president to retaliate against foreign interference with American commerce, creates a non-partisan tariff commission, increases the duties on dyestuffs to encourage their manufacture in the United States, provides means to prevent dumping of cheap foreign made goods into American markets after the war and provides for income, inheritance, munitions, corporation stock, liquor and miscellaneous internal revenue taxes.

During consideration of the report in the senate Senator Chamberlain of Oregon protested vigorously against elimination by the conference committee of a retaliatory provision against Canadian control of Pacific Coast fisheries and Representative Gardner of Massachusetts enlivened the house with bitter denunciations of the retaliatory provision against foreign interference with American commerce.

Gardner Charges Hypocrisy.
Mr. Gardner charged congress with hypocrisy and his criticisms of the administration aroused the ire of some of the Democrats two of whom, Representatives Decker of Missouri and Cullip of Indiana, made speeches in reply. Representative Decker, amid rounds of Democratic applause, thanked God that there was in the white house a president who was willing to resort to negotiations before resorting to the sword. He suggested that the views of Mr. Gardner and of Mr. Roosevelt were pro-ally.

"You claim to be devoted to humanity and to despise commercialism," said Mr. Gardner, "why don't you pass an amendment refusing American harbors to Germany's interned ships until she repudiates the Lusitania crime?" These retaliatory amendments would be looked upon all over the world as a blow in support of Germany's ugly cause. What has congress done? Your only protests have been aimed at the allies who are fighting our fight and the fight of civilization."

The revenue provisions of the bill include a normal income tax of two percent with increased surtaxes, an inheritance tax, a tax of 12 1-2 percent on net profits of munitions manufacturers, a license tax of fifty cents on each \$10,000 stock of corporations capitalized in excess of \$99,000, wine, beer and liquor taxes, brokers taxes and a re-enactment of the theater and amusement taxes of the existing war revenue. All stamp taxes in the present law were eliminated by congress.

Democrats Applaud Action.

OUTLINED DEFINITE PLANS FOR BRINGING ABOUT PEACE IN EUROPE

Dr. Jordan Declares Plans Were Outlined at Recent Conferences Between Wilson and Peace Advocates.

Stanford University, Cal., Sept. 7.—That definite plans were outlined at recent conferences between President Wilson and peace advocates for bringing about peace in Europe was the declaration made today by Chancellor David Starr Jordan of Stanford University who has just returned from Washington. According to Dr. Jordan the conference agreed that any one of the three plans would be feasible:

1.—A congress of executives or neutral nations might take the lead in bringing the belligerents of Europe together.

2.—Congress might appoint representatives to meet with representatives of other neutral congresses to act.

3.—The United States might act independently.

Dr. Jordan said he was not at liberty to give out the details of the plans as they would be handled by President Wilson himself.

The movement for Peace Dr. Jordan said must come from the United States. The Ford peace conference he said was growing in importance.

"An honorable peace," he asserted, "is one which means the territorial integrity of Belgium and France."

Dr. Jordan said the war would end in six months.

EXPECT DEFINITE DEVELOPMENTS IN ROSICLARE STRIKE SITUATION

SPRINGFIELD, Ill., Sept. 7.—Definite developments in the strike situation at Rosiclare, where union and non-union miners have been having trouble is expected soon. A conference was held here today between Governor Dunne, John H. Walker, president of the state federation of labor, William J. Sneed, international organizer of the United Mine Workers of America and James Lord, president of the mining department of the American Federation of Labor.

The meeting was a direct result of the alleged deportation of Sneed and threats against his life and the residents where he was staying in Rosiclare. Sneed will return to Rosiclare tomorrow.

Walker also expects to go to Rosiclare. Labor men say the town is ruled by dangerous men.

GOV. AND MRS. DUNNE ENTERTAIN NUMBER OF METHODIST MEMBERS

SPRINGFIELD, Ills., Sept. 7.—Governor and Mrs. E. F. Dunne tonight at the executive mansion entertained at dinner a number of Methodist divines who are here attending the annual meeting of the Illinois conference of the M. E. church. Following the night session of the conference a public reception was held at the mansion for the four hundred Methodist ministers and their wives attending the conference.

Among the prominent Methodists at the dinner were Bishop Luther B. Wilson of New York, Bishop John Hamilton, Chancellor of the American University at Washington, D. C., and Bishop Thomas Nicholson of Chicago.

Up the conference report on the revenue bill in the house at 9:30 o'clock tonight. Democrats applauded when he announced the elimination of the stamp taxes. Representative Stafford, of Wisconsin, Republican, said it was a grave mistake of the house conference to accept the senate amendment increasing duties on print paper. Mr. Kitchin conceded that the conference committee was inclined to believe the amendment might cause a slight increase in print paper prices, but said the situation with respect to Canada was the warrant for the agreement upon the amendment. The house acted quickly after brief debate, and sent the bill to the senate before 10 o'clock.

The final vote on the revenue bill was delayed in the senate by vigorous protests from Pacific Coast senators against the elimination of the Alaskan fisheries amendment. It was after midnight when a vote and adjournment until tomorrow at last appeared to be in sight.

The senate at 12:55 this morning (Friday) adopted the conference report on the revenue bill without a record vote clearing the way for adjournment of congress at 10 o'clock tomorrow morning.

Following disposition of the bill Senator Hughes of New Jersey provoked the anger of Senator Penrose and other Republican leaders who threatened to demand the presence of a quorum by insisting on reading a speech of the late President McKinley favoring the eight hour day. Senator Hughes declared the McKinley attitude was in strange contrast to that of Mr. Hughes (Republican presidential candidate).

At 1:07 a. m., the senate recessed until 10 a. m. Friday.

The concurrent resolution for adjournment at 10 a. m. Friday, was left on the table for action when the senate resumes.

ORDER DISCHARGE OF 12 GUARD REGIMENTS

ACTION WILL RELEASE ABOUT 15,000 MEN FROM FEDERAL SERVICE

Men to be Discharged are Those Recently Withdrawn From the Mexican Border—Orders for Mustering Out of Additional Units are Expected.

Washington, Sept. 7.—Orders were issued by the war department today for the discharge from federal service as soon as practicable of 12 national guard regiments comprising about 15,000 men recently withdrawn to their home states from the Mexican border and a number of smaller organizations of some 1,500 college and university students. Orders for the mustering out of additional units are expected to follow soon. The next regiment to leave the federal service will be the fourteenth New York infantry which will go as soon as its members are freed from the danger of paratyphoid contagion. A number of cases of the disease already have been reported in that regiment and it will be held in camp as a matter of precaution until the infection has been eradicated. Surgeon General George said today that a vigorous campaign against the disease was being waged and he expected to see it stamped out promptly. A special paratyphoid serum is being manufactured.

There are about 40,000 guardsmen still in state mobilization camps and these probably will be dispatched to the border very soon to relieve the men now serving there. Secretary Baker favors giving all the state troops a chance for the training to be acquired on the patrol line.

Today's orders were construed by some officials as a preliminary to the withdrawal of General Pershing's regulars from Mexico. Officers of the general staff insisted, however, that the release of the guardsmen resulted principally from the improving conditions on the border. The original order for all guardsmen in the federal service to move to the border as soon as possible, although held in abeyance by General Funston's request received by the department when the railroad strike was imminent has not been revoked. Secretary Baker is expected to lift the suspension shortly and permit troops waiting in mobilization camps to move as soon as they are ready to go.

The order realizing the college men retires them to go to their home mobilization camps for mustering out and resuming their place in the state guards.

SHIP WHICH WENT TO MAC MILLAN'S RELIEF RETURNS TO LABRADOR

BATTLE HARBOR, Labrador, Sept. 7.—The Greenfield Mission Schooner George B. Cluett, which went to the relief of the Donald B. Mac Millan Arctic expedition in July, 1915, has returned here. Only Captain H. C. Pickles and the crew are aboard MacMillan. Dr. E. O. Hovey, who led the relief expedition and the other scientists of the party have elected to remain for a while in the northern part of Greenland.

The MacMillan party wintered aboard the Cluett in Parker Snow Bay, east of Etah, and Captain Pickles reports that on July 29th, 1916, when the Cluett left North Star Bay, Greenland, about twenty miles north of the expedition's winter quarters, all the party were in good health and had an abundance of supplies.

BOESCHENSTEIN TO LEAD IN CHARGE OF CLUBS

New York, Sept. 7.—Chairman Vance McCormick of the Democratic national committee today announced the appointment of Charles Boeschstein national committee man from Illinois as vice-chairman of the bureau of political organizations and clubs. He will be in charge of this work in the western division with headquarters at Chicago. Mr. Boeschstein who has been in New York for some time left at once for Chicago to begin club organization work in the western field.

FRED H. MAXWELL DIES

Peoria, Sept. 7.—Fred H. Maxwell, former editor of the Bardolph News, and for many years prominent in McDonough County politics, died last night at his home in Macomb, Ill., according to information received here today. He had been ill three days.

Mr. Maxwell was a brother of W. Kee Maxwell, managing editor of the Peoria Journal.

CABINET MEMBERS WILL SPEAK FOR WILSON

Chicago, Sept. 7.—J. Bruce Kremer, director of the speaker's bureau at Democratic Western campaign headquarters announced today that every member of President Wilson's cabinet will stump central and western states soon. Speaking schedules are being prepared now. Senator James Hamilton Lewis of Illinois will leave Chicago in a few days and follow the route already taken by Charles E. Hughes. He will speak in nearly every state west of the Mississippi river and to the Pacific coast.

SPRINGFIELD, Ill.—Fred Diefenback, aged 54 a shot firer was killed here in a mine of the West End coal company when he entered a room just as a shot, placed by a companion, exploded.

WASHINGTON—President Wilson signed the federal "workmen's compensation act passed recently by congress, providing relief for government employees injured at their work.

CHICAGO—William J. Hennessey, Democratic candidate for nomination for congress in the first Illinois district mailed to Washington a statement of campaign expenditures showing he had spent only four cents on his campaign. This was for postage on his nomination petition.

JOLIET, Ill.—Guards at Joliet penitentiary started search for two honor convicts who escaped from the Crowe, sentenced for burglary from site of the new prison in Lockport road. The prisoners are Malachi Cook county, and Ben Henderson, sentenced from Rock Island. They are negroes.

NATIONAL WOMAN SUFFRAGE ASSOCIATION ADOPTS PLATFORM

ATLANTIC CITY, N. J., Sept. 7.—After a long debate which carried the afternoon session of the convention well into the evening, the National American Woman Suffrage association today adopted a platform, outlining its plan of campaign for securing the submission of the federal suffrage amendment to the state legislatures for ratification. It was decided that the next annual convention in 1917 be held in March or "thereabouts," that a lobby be continued at Washington and that the association conduct a nationwide campaign for education, agitation, organization and publicity in support of the federal amendment. A million dollar campaign fund is to be raised between October this year and October, 1917.

PROHIBITION PARTY'S SPECIAL TRAIN LEAVES CHICAGO TODAY

CHICAGO, Sept. 7.—The prohibition party's special train which will carry J. Frank Hanly of Indiana, candidate for president and Ira Landreth of Tennessee, candidate for vice-president and other party leaders on a two months coast to coast speaking campaign will leave Chicago tomorrow morning at 7:50 o'clock.

Mr. Hanly and Mr. Landreth were here today conferring with party leaders. The campaign is "One million votes for Prohibition."

The train will travel 9,000 miles and make nearly 1,000 stops before the campaign ends.

The party will include Oliver W. Stewart of Chicago, chairman of national campaign committee; John N. Warner of Middleburg, N. Y., chief of the Prohibition publicity bureau; Ralph E. Herrick of Wheaton, Illinois, Prohibition poet.

FORD FILES SUIT FOR \$1,000,000 AGAINST THE CHICAGO TRIBUNE

CHICAGO, Sept. 7.—Henry Ford, Detroit automobile manufacturer, filed suit for \$1,000,000 against the Chicago Tribune here today in United States District court. Mr. Ford seeks to recover personal damages as compensation for an editorial printed in the Tribune, June 23rd, which it is charged called Ford an anarchist. The bill charges that the Tribune "sought to bring the plaintiff into public hatred, contempt, ridicule and financial injury," by publishing the editorial which it is charged referred to Mr. Ford as "ignorant," a "deluded human being and an anarchist enemy to the nation which protects him in his wealth."

The editorial also charged that Mr. Ford's employees would lose their positions if they went to the border as members of the National Guard.

COURT SUSTAINS DEMURRER

Springfield, Ills., Sept. 7.—Judge Creighton in the Sangamon county court today sustained the defense's demurrer in a bill for an injunction brought by the New York Central railroad against secretary of state Lewis G. Stevenson to restrain the payment into the state treasury of the sum of \$300,000 as an incorporation fee. The road paid a similar fee to the state public utilities commission and makes the claim that it is being doubly taxed.

HUGHES VIGOROUSLY ATTACKS ADAMSON LAW

ASSAILS ADMINISTRATION FOR ENACTMENT OF MEASURE

Nominee Terms Act a "Wage Law" and States it was Passed "Confessedly in Ignorance of the Facts"—Speaks Before Five Crowded Audiences.

Portland, Me., Sept. 7.—Charles E. Hughes told a New England audience today that he would rather stand for the principle of reason in legislation and go down to defeat than to yield one jot or tittle of it and become president of the United States.

Before five crowded audiences in Massachusetts, New Hampshire and Maine, the nominee assailed the administration vigorously for the enactment of the Adamson 8-hour law. He called it "not an 8-hour law, but a wage law," said that it had been said in its favor that society favored the 8-hour day, society had nothing to do with the measure and declared emphatically that "that kind of virus in our life" would bring the nation to disaster in the end.

Mr. Hughes was greeted in Portland tonight by an old fashioned torchlight parade. He spoke from the platform where Raymond Robins, chairman of the Progressive national convention at Chicago had just told the audience why he supported the Republican ticket.

"It is because I am so solicitous," he told an audience at York Harbor, "with respect to the progress to be made in industrial co-operation and advancement of labor that I deeply implore in the name of labor, in the name of justice, in the name of American ideals the surrender of executive and the congress to force instead of permitting reason to reign."

In his Portland speech, Mr. Hughes reiterated his stand on the tariff, efficiency of government, merit system, the protection of American rights and other issues of the campaign.

Before the nominee spoke Mr. Robins addressed the crowd.

"I have no apologies to make for having been a Democrat or a Progressive," he said. "One reason why I am no longer a Democrat and do not intend to go back to the Democratic party is because I know the Democratic party too well."

Mr. Robins said that he was born in the south and added:

"The economic and social issues which confront the country cannot be entrusted to a party that is under southern control. Southern life has not kept step with our western and northern life."

Mr. Hughes will continue his trip thru Maine tomorrow.

HAVANA MILLIONAIRE BANKER AND REAL ESTATE OWNER DIES

HAVANA, Ill., Sept. 7.—Henry W. McFadden, who started in life as a poor boy died today leaving an estate estimated at \$2,000,000. He built the first elevator in Havana in 1863, and organized the Mason County Bank of which he was president at the time of his death. He also built the first elevator at Peoria, Ill.

Mr. McFadden was a member of the Chicago Board of Trade for five years. He resided in Chicago during the great fire and owned considerable Chicago property. He also held valuable lands in Illinois and Kansas.

MISS BROWN WINS SCHOLARSHIP

Decatur, Ill., Sept. 7.—Miss Ruth Brown of Quincy, sister of Florence Brown, violin instructor in Millikin Conservatory of Music, won scholarship for advanced piano study in competitive examination today.

MAJOR CAMPBELL DIES

Buffalo, N. Y., Sept. 7.—Major W. K. Campbell, a member of the British Royal Flying Corps, died tonight of injuries received yesterday when his aeroplane crashed to the ground from a height of 500 feet. Theodore de Kruijs of Freeport, N. Y., a Harvard university student who was a passenger with Campbell, was injured internally but will recover.

MADDEN WILL SUPPORT BRUNDAGE

Chicago, Sept. 7.—Congressman Martin B. Madden of Chicago announced tonight that he would support Edward J. Brundage, candidate for the Republican nomination for attorney general because he had been endorsed by the regular Republican organization of Cook county. He said several weeks ago he would support Richard J. Barr of Joliet for the position.

SENATOR SHERMAN RENEWS HIS ATTACK ON SAMUEL GOMPERS

Declares Labor Leader and Burleson Were the Two Most Prominent Figures on Democratic Side of Presidential Campaign.

Washington, Sept. 7.—Senator Sherman of Illinois during the debate today on the corrupt practices measure renewed his attack on President Samuel Gompers of the American federation of labor declaring the labor leader and postmaster General Burleson were the two most prominent figures on the Democratic side of the campaign. Mr. Gompers, he told the senate was to deliver the two million labor votes to the Democrats while Mr. Burleson used the postmaster's of the country "to fry fat for it."

Senator Sherman quoted from a Texas newspaper of 1909 to show that Mr. Burleson then was part owner of a ranch where hundreds of convict laborers were employed. In 1911, he said, the foreman of the ranch was tried for causing the death of a negro convict who had been whipped, but was acquitted and in 1913 was appointed postmaster at Longview, Texas.

"If," continued Mr. Sherman, "there is any tainted money in this country as Mr. Bryan hinted, it certainly is to be found in the possession of the postmaster general of the present administration."

FATE OF FIVE CENT LOAF OF BREAD STILL UNDETERMINED

CHICAGO, Sept. 7.—The fate of the five cent loaf of bread was still undetermined at the close of today's session of the National Bakers association. Although the bakers declared that rising cost of flour and other products had made the five-cent loaf, in its present size, unprofitable the general sentiment was in favor of letting the price of bread remain a local issue for each city instead of attempting to promulgate a general increase in price thruout the United States. A committee was named to determine final action and report at tomorrow's session.

Chicago bakers attending the meeting declared it would be difficult to decrease the size of the five cent loaf and equally difficult to install the ten cent loaf exclusively.

KAISER WATCHES FIERCE FIGHT FOR POSSESSION OF COMBLES

PARIS, Sept. 7.—Emperor William according to L'Aliberte's correspondent at the front is watching in person the fierce struggle that is going on for the possession of Combles. The chief gain of yesterday's battle the correspondent says was that of the French General Micheler's forces, which reached the railroad running from Roye to Peronne and hold it for a distance of 1-2 miles, with the result that the German line of communication behind the Somme are nearly in the hands of the entente allies.

The capture of Berny-en-Santerre enables the French to dominate Baux which is the last point of support of the German second line of defense and completes the encirclement of Denicourt park for which a stubborn struggle is going on.

STATE FILES APPEAL IN CASE AGAINST WATERWAYS COMMISSION

SPRINGFIELD, Ill., Sept. 7.—The state today, through Attorney General Lucey, filed in the Supreme Court, an appeal from the decision of Judge Norman L. Jones of the Sangamon County Circuit Court in the proceedings brought by Representative William A. Hubbard against Governor Dunne, Auditor Brady, Treasurer Russell and members of the Illinois Waterways commission.

Hubbard attempted to enjoin the issuing of \$5,000,000 of bonds in aid of the Dunne deepwaterway scheme. Judge Jones held that the law providing for the bond issue did not provide for a deepwaterway and was therefore unconstitutional as the people had voted for a deepwaterway.

HORSE TRADER DROPS DEAD

Mt. Sterling, Ill., Sept. 7.—Clement Hair, a horse trader, dropped dead, the home of Abraham Goodwin was burned and the buildings of the fair ground here were endangered as a result of a fire that started in an oil tank wagon this evening. Hair died of heart trouble while attempting to put out the flames.

The burning oil ran down the street setting fire to the Goodwin home.

BROADEN SCOPE OF INQUIRY

Washington, Sept. 7.—A resolution broadening the scope of the federal trade commission inquiry into the cost of news print paper to include paper used by the government printing office, was adopted tonight by the senate on motion of Senator Fletcher who said the cost of paper for government documents had risen more than 100 percent in the last year.

FRENCH CAPTURE PARTS OF TRENCHES

Bring Front More in Alignment With Newly Acquired Line

GREAT AERIAL ACTIVITY

French and British Squadrons Bombard Points of Vantage Behind German Lines

RUSS DRIVE TEUTONS BACK

The infantry of the belligerents in the Somme region of France was inactive Thursday except south of the river where the French, to the east of Denicourt, captured elements of trenches from the Germans and brought forward their front more in alignment with their newly acquired line running thru Belloy-en-Santerre and Berny-en-Santerre. The day however was a continuation of the violent bombardments, which always precede attempts at fresh advances by the entente allies.

In addition great aerial activity was shown by French and British aerial squadrons in bombarding points of vantage behind the German lines.

South of the Somme so violent was the French artillery fire that under it the Germans were unable to make their customary counter-attacks according to Paris.

The Germans are heavily shelling the French in the old first line German trenches a mile in length between the Vaux-Chapire region and the town of Chenoise in the Verdun sector, which were taken by the French Wednesday night. In Galicia the Russians are still actively in quest of Lemberg, keeping up their pressure against the Austro-Germans westward from the regions of Brzezany and Halez. Near Brzezany the Russians have driven back the Teutons from fortified positions and advanced to the Nariuvka river a tributary of the Gnila Lipa and at some points have crossed the stream. Near Halez the railway line has been cut by the Russians who now are heavily bombarding Halez, which, altho in flames, the forces of the central powers are still stubbornly defending.

In Wednesday's fighting in the Halez sector, 5,645 officers and men of the Teutonic allies were made prisoners. Both Berlin and Vienna admit retreats between the Zlota and Dniester rivers.

Likewise Vienna concedes a retreat of the Austrian forces before the Rumanians near Olah Topliza, in eastern Transylvania, twenty miles from the Rumanian border. The retreat was made in the face of a threatening enveloping movement. To the southeast of this same region the Rumanians have occupied the Gyergyo-Ditro-Orsova pass.

In the capture of Turtukai fortress the Germans and Bulgarians took more than 20,000 prisoners and more than 100 guns, according to Berlin. Bucharest says the fighting in this vicinity is of great violence and that the losses on both sides have been heavy.

The Russians in Turkish Armenia near Ognott continue to drive the Turks from their strong mountain defenses according to Petrograd and also have put down a Turkish offensive west of Erzingam. On the Macedonian front and in the Austro-Italian theater the fighting is still being done mainly by means of artillery. In German East Africa two additional ports, Kilwa, Kivine and Kilwa Kisivani—south of Dar-es-Salaam, have surrendered to the British.

Mrs. W. H. Hinrichsen of Alexander left last night for New York City to make an extended visit with her son, Edward Hinrichsen, who for some years has been a department manager there for the General Electric company.

Lee Davis, residing at 360 East North street, has been employed at the popular clothing store of Lukeman Brothers to take the place of Weir Smith, resigned. Mr. Davis is a popular young man of excellent habits and will doubtless prove a valuable addition to the force.

MORTUARY

Wacker

Mrs. Fred Wacker of Beardstown died at Passavant hospital Thursday morning at 4:30 o'clock. She was brought to the hospital for an appendicitis operation, which she underwent Monday afternoon. The body was prepared for burial at the undertaking establishment of Williamson & Cody and at 4:30 o'clock Thursday afternoon was sent via the Burlington to Beardstown.

Mrs. Wacker was born in Germany. She was a member of the Fourth Street Lutheran church, Beardstown, and of the Royal Neighbors of America. Mrs. Wacker was the mother of eight children. She was a woman whose loss will be keenly felt. Steadfastly devoted to family and home she had place in her heart also for all who needed comfort in time of trouble.

Brown

Mrs. Katherine Brown, 36 years old, died Thursday afternoon at 12:30 o'clock at Passavant Hospital. Mrs. Brown resided at 527 Hooker street.

Mrs. Brown is survived by her mother, Mrs. Elizabeth Condon, a brother, Jeremiah Condon, and three sisters, Mrs. Alice Tapscott and Mrs. Mary Nunes of this city and Mrs. William Magill of Springfield.

Funeral services will be held Saturday morning at 8:30 o'clock at the Church of Our Savior. Burial will be made in the Catholic cemetery at Winchester.

Upham

B. R. Upham has received word of the death of his brother, Alvah L. Upham, who passed away at 5:25 Sunday evening at his home in Weeping Waters, Nebraska. Deceased was born in Youngstown, Ohio, in 1836 and was the youngest child of Alvah W. and Mary Rush Upham. When he was two years old his parents moved to this place and passing through Jacksonville in their wagon went on to Arcadia where they settled and reared the family. There the father conducted a store for a good many years. About 25 years ago Mr. Upham removed to Weeping Waters, which has since been his home. One brother, Abner, was a member of the famous cavalry company G, First Missouri cavalry and was killed in an engagement the same time Edward Anderson of this place and Mr. Watson of Murrayville lost their lives. Mr. Upham was a man of good education and taught school in Ebenezer and several other places and was much valued as an instructor. He had been ill for some time and his death was expected. He had no children and is survived only by his wife and brother B. R. Upham of this city. Abner Upham of Des Moines attended the funeral.

GIVE OUT INCOMPLETE ITINERARY FOR HUGHES SECOND TRIP IN WEST

CHICAGO, Sept. 7.—An incomplete itinerary for Charles E. Hughes' second speaking trip in the west was given out today by Manager Alvin T. Hert at western campaign headquarters of the Republican national committee. He will go direct from New York to Peoria, Ill., where he will address the Republican state convention Sept. 19th, at noon. He will then go to the Illinois State Fair at Springfield, where he will speak at 4:30 p. m., the same day. From there he will go to Madison, Wis., where he speaks Sept. 20th., at 2 p. m., and Milwaukee for a mass meeting that night. He will then go to Indiana for a three day trip thru the state, speaking at Indianapolis and practically every large city. He will close his trip in the west with a two day trip thru Ohio. The schedule for Indiana and Ohio will be announced in a few days. Mr. Hughes will make his third and last speaking of Western campaign in October when he will visit Iowa, North and South Dakota, Kansas, Nebraska, Oklahoma and other states.

No schedule for the third western trip has yet been arranged.

RIGGSTON PARTY MOTORED TO DECATUR

Mrs. Robert T. Allan, Mrs. H. D. Gibbs, Elmer McCullough, William McCullough and Robert H. Allan of Riggston motored to Decatur Thursday and visited Mrs. Sue Hagaman. Mrs. Hagaman was injured recently but they found her greatly improved and able to be at her own home. The party found excellent roads both on the going and return trip and passed thru Jacksonville enroute to Riggston about 7 o'clock Thursday evening.

VISITORS FROM KANSAS CITY.

Wednesday evening Mrs. H. M. Stonebreaker and Miss Denzel Stonebreaker arrived in the city in a Maxwell runabout. They had been touring Indiana, Kentucky, Illinois and other localities and after putting up at the Douglas for the night left yesterday morning on their homeward journey to Kansas City. They traveled from Crawfordsville, Indiana to this city Wednesday, a distance of 233 miles and encountered much mud until a few miles east of Springfield.

RAIN SPOILS CHICKEN FRY.

An ill timed shower played havoc with the careful plans of the women of Woodson Christian church Thursday evening and attendance at the annual chicken fry was reduced from hundreds to scores only. Some who left Jacksonville on 4 o'clock train were on the ground before the rain could hinder. Woodson people patronized the supper well, but the large numbers who would have made the trip by auto, were kept away.

A quantity of the chicken was sold to a number of those who attended. The committee made some sales also to Jacksonville restaurant keepers. Mrs. T. M. Whitlock is president of the society and Miss Zella Crain is secretary. The general arrangement committee consisted of Nellis Crain, Jesse White, C. C. Self, Joseph Self and Mrs. T. M. Whitlock.

STRIKE SERIOUSLY AFFECTS NEW YORK'S SURFACE LINES

Subway and Elevated Transportation Lines are Being Operated on Virtually Normal Schedules.

New York, Sept. 7.—Subway and elevated transportation lines on Manhattan Island were being operated tonight on what officials of the Interborough Rapid Transit company said were virtually normal schedules, although it was admitted that service on the surface lines of the New York railways company was seriously affected by the traction strike called last night.

Officials of the Amalgamated association of street and electric railway employees who are conducting the strike, conceded that schedules on the subway and elevated lines were not seriously hampered but reiterated their determination to fight to the end.

Theodore P. Shonts, president of the Interborough, issued a statement today in which he said the strike was a failure.

Several arrests were made but disorders resulted in only minor injuries to a few persons according to police reports. In some instances bricks were thrown from roofs upon elevated trains and attempts also were made to "rush" station employees from their posts.

One policeman in plain clothes was ordered to every subway and elevated platform in addition to uniformed men already there after Mayor Mitchell's secretary notified the police department that he had been informed of a plot to blow up the subway.

The past advance in prices in all lines has operated in a retail way so as to cause us to look the market over more carefully than ever before.

The result is that fully one-half of our full lines show equal values with those offered a year ago.

We want to keep our prices down. We have succeeded remarkably well. A visit to our store and comparison of values will convince you.

We can still furnish a first class felt mattress in first class tick for less than \$10.00.

We have genuine duo fold davenports at the same prices as a year ago.

MRS. CATT SAYS WOMAN'S HOUR HAS COME

SUFFRAGE LEADER SEES FULL RIGHTS NOT FAR DISTANT

Points to Great Changes Which Have Come to Woman's Estate as Result of the War—Equal Pay for Equal Work Now Being Realized.

Atlantic City, N. J., Sept. 7.—Mrs. Carrie Chapman Catt, President of the National American Woman's Suffrage Association, in her address before the annual convention of the Association here today pictured the suffrage movement as having reached a crisis which means that "The Women's Hour Has Struck!" Earnestly, she exhorted the women not to lose heart but to recognize the present opportunity which "if seized with vigor, enthusiasm and will, means the final victory of our great cause in the very near future."

She said, in part:

"The great war will bring untold changes in its wake; it presages a total change in the status of women. In Europe, from the Polar Circle to the Aegean Sea women have risen and taken the places made vacant by men, and in so doing they have grown in self-respect and in the esteem of their respective nations. Indeed, Europe is realizing as it never did before, that women are holding together the civilization for which the men are fighting. A great searchlight has been thrown upon the business of nation-building and it has been demonstrated in every European land that it is a partnership with equal but different responsibilities resting upon the two partners."

"The war will soon end and the armies will return to their native lands. To many a family, the men will never come back. The husband who returns to many a wife will eat no bread the rest of his life save of her earnings."

Equal Power for Equal Work

"What then will happen after the war? Will the widows left with families to support cheerfully leave their well-paid posts for those commanding lower wages? Not without protest! The economic axiom, denied and evaded for centuries will be emblazoned on every factory, counting house and shop; 'Equal pay for equal work'; and common justice will slowly but surely enforce that law. The European woman has risen. She may not realize it yet but the woman 'door-mat' in every land has unconsciously become a 'door-jamb.' She will have become accustomed to her new dignity by the time the men come home. She will wonder how she ever could have been content lying across the threshold now that she discovers the up-right jamb gives so much broader and more normal a vision of things."

"In Great Britain, which was the storm center of the suffrage movement for some years before the war, hundreds of bitter, active opponents have confessed their conversion to woman suffrage on account of the war services of women. Already, three great provinces of Canada, Manitoba, Alberta and Saskatchewan, have given universal suffrage to their women in sheer generous appreciation of their war work. Even Mr. Asquith, world renowned for his immovable opposition to the Parliamentary suffrage for British women, has given evidence of a change of view. Some months ago, he announced his amazement at the utterly unexpected skill, strength and resource developed by the women and his gratitude for their loyalty and devotion. A public statement issued by Mr. Asquith in August, was couched in such terms as to be interpreted by many as a pledge to include women in the next election bill."

Changed Status of Women

"The significance of the changed status of European women has not been lost upon the men and women of our land; our own people are not so unlearned in history, nor so lacking in National pride that they will allow the Republic to lag long behind the Empire, presided over by the descendant of George the Third. If they possess the patriotism and the sense of nationality which should be the inheritance of an American, they will not wait until the war is ended but will boldly lead in the inevitable march of democracy, our own American specialty."

"As the most adamant rock gives way under the constant dripping of water, so the opposition to woman suffrage in our own country has slowly disintegrated before the increasing strength of our movement."

"The edifice of woman's liberty nears completion. Over our heads, tantalizingly near hangs the roof of our edifice—the vote. What is our duty? Shall we spend time in admiring the cap-stones and cornices? Shall we lament the tragedies which accompanied the laying of the cornerstones? Or, shall we, like the builders of old, chant, 'Ho, all hands, all hands heave to! All hands, heave to!' and while we chant, grasp the overhanging roof and with a long pull, a strong pull and a pull altogether, fix it in place for ever more?"

"Let us then take measure of our strength. Our cause has won the endorsement of all political parties; every candidate for the presidency is a suffragist. It has won the endorsement of most churches; it has won the hearty approval of all great

organizations of women. It has won the support of all reform movements; it has won the progressives of every variety. The majority of the press in most states is with us. The names of the greatest men and women of art, science, literature, philosophy, reform, religion and politics are on our lists."

Great Conflict Must Come

"We have not won the reactionaries of any party, church or society and we never will. From the beginning of things, there have been antis. Before the vote is won, there must and will be a gigantic final conflict between the forces of progress, righteousness and democracy and the forces of ignorance, evil and reaction. That struggle may be postponed but it cannot be avoided or avoided. There is no question as to which side will be the victor."

"Shall we play the coward then, and leave the hard knocks for our daughters or shall we throw ourselves into the fray, bare our own shoulders to the blows and thus bequeath to them a politically liberated womanhood? Our movement is like a great Niagara with a vast volume of water tumbling over its ledge but turning no wheel. Our organized machinery is set for the propagandistic stage and not for the seizure of victory. Our supporters are spreading the argument for our cause; they feel no sense of responsibility for the realization of our hopes. Our movement lacks cohesion, organization, unity and consequent momentum."

"Behind us, in front of us, everywhere about us are suffragists—millions of them, but inactive and silent. Were never another convert made, there are suffragists enough in this country, if combined to make so irresistible driving force that victory might be seized at once."

"How can it be done? By a simple change of mental attitude. If you are to seize victory, that change must take place in this hall, here and now! The old belief, which has sustained suffragists in many an hour of discouragement 'woman suffrage is bound to come,' must give way to the new, 'The Woman's Hour Has Struck.' That slogan sets the pace of a crusade which will have its way. It says 'Awake, arise, my sisters, let your hearts be filled with joy—the time of victory is here. Onward march.'"

Organization Necessary

"Give heed at once to the organization of the reserves; and then to the work that they shall do. Organize in every Assembly District and every voting precinct. It is the only way to make our appeal invincible. Swell the army, then set it upon the trail of every legislator and congressman for they alone hold the key to our political emancipation. Compel this army of lawmakers to see woman suffrage, to think woman suffrage, to talk woman suffrage every minute of every day until they heed our plea."

"All this is mere preparedness for the final drive to victory. The next question is: what shall be our aim? To my mind, the insistence of the interests, and charged there had been land by Federal amendment, is the only self-respecting course to pursue."

In explaining her reasons for this stand, Mrs. Catt reviewed the fight for suffrage in many states and the obstacles it had met from the liquor interests, and charged there had been widespread resort to illegal practices to defeat suffrage, whereas in a majority of the states of the union—in 25 of them—there was no provision made by law for any form of contest or recount on a referendum. "Political corrupters may, in these states, bribe voters, colonize voters, and repeat them to their hearts content and redress of any kind is practically impossible."

"In my judgment," she concluded, "the women of this land, not only have the right to sit on the steps of Congress until it acts but it is their self-respecting duty to insist upon their enfranchisement by that route."

ASBURY

Miss Jeanette Scott of Cedar Rapids, Iowa, and Mrs. E. R. Hembrough were Tuesday guests of Mrs. F. C. Megginson.

TWO WORLD'S MARKS BROKEN; ST. FRISCO WINS CHARTER OAK STAKE

Judges Declare Second Heat a 'Dead
Heat,' the Time 2:07½ Displacing
Record Set in 1904—Other Rec-
ord is Fastest Six Heat Race.

Hartford, Conn., Sept. 7.—Two
new world's records were made here
today when St. Frisco won the clas-
sic, Charter Oak stake for 2:08 trot-
ters after six of the most exciting
heats of light harness racing ever
witnessed at Charter Oak Park. The
second heat was declared by the
judges a "dead" heat the time
2:07½ displacing the world's record
set in 1904 on the Brighton Beach
track, New York, when Sweet Marie
and Aristo raced a dead heat in
2:04½. The other record establish-
ed was the fastest six heat race, the
average time for the six heats being
2:07½ against 2:07 19-24 set at Lex-
ington, Ky., in 1910, in a race won
by Spanish Queen. Less than half
a head separated St. Frisco and
Mabel Trask at the close of each
heat. In the second they fought it
out on even terms from the turn in-
to the stretch to the wire and the
judges could not separate them as
they passed the stand.

FIRST GAME

Second Contest Develops Into a
Pitchers' Duel Between Mayer and
Hughes Until the Sixth, When
Barnes Relieved Hughes, Who
Was Struck on the Back of the
Right Hand With a Pitched Ball.

Boston, Sept. 7.—Philadelphia won
both games from Boston today. In
the first game Rixey allowed only
one hit up to the seventh when the
home team scored their two runs on
four singles and an error by Niehoff.
The second game was a pitchers'
duel between Mayer and Hughes up
to the sixth when Barnes relieved
Hughes who was struck on the back
of the right hand with a pitched ball.
Philadelphia scored twice in the
ninth on a single by Luderus after
two were down and an error by Smith
had filled the bases.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

to walk sideways and wrinkle up their faces. Or they use knives that cut right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make the toes bleed. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes out. Millions use nothing else. CLEVELAND'S NEW MUSEUM A GREAT ACCOMPLISHMENT

Is the Result of Many Years of Planning—Judge William B. Sanders Prominent in the Movement.

The following communication from Dr. F. S. Hayden calls attention to the museum of arts in Cleveland, O., which has been opened to the public after many years spent in its preparation and building. The facts about the museum are of interest in Jacksonville because of the importance of the enterprise and from the added fact that Judge William B. Sanders, son of Mrs. Cornelia Sanders of this city had such a large part, along with other prominent Cleveland citizens, in making the museum possible.

Editor Journal: Confident that the opening of the new and beautiful Museum of Art in Cleveland will, on several accounts, be of special interest to us in Jacksonville, and, assuming that few here have had their attention called to this significant event, I venture to ask space for this notice. While the establishment of this museum was a signal occurrence in the history of Art for that city, it is likely to be of peculiar importance in the development of Art in the country, and especially in the Middle West, because of the richness of its initial provisions, the spirit of devotion to true art it illustrates, and the high standards for future development it has adopted.

But, as I said, it will for several reasons interest us in Jacksonville. Firstly, because here are so long had so many sincere, if humble, lovers and students, and in our various higher schools, and by the choice exhibits so frequently brought here by them, art appreciation and enjoyment has been so well developed. Moreover, it is certainly an interesting and gratifying fact that Judge Wm. B. Sanders, born here, and son of the late W. D. Sanders, (whose famous "Athenaeum" was in its day, an advanced school for fostering cultural and art education,) is the President of the Cleveland society, and has had a prominent part in the promotion of the Museum enterprise and presided, with a polished and dignified address, over the distinguished assembly gathered at the public opening. Finally, this splendid New Museum should be interesting to us, as to every intelligent, high-minded, sincerely and wisely progressive community, seeking development along right lines, as an exhibition of the value of patient planning, wise delay, and fine co-operation in achieving the best results, it is an illustration of the subordination of purely private ambition for local fame, and of personal pride in giving, to the higher good of a cause, like art, and to the broader and more enduring advantage of the community. It was entirely appropriate that the chief speaker on the opening program, after Judge Sanders, chose for his subject, was "The Democracy of Art," the service of wealth and genius, thru art, to the people.

The Cleveland Museum, the dream of some citizens for twenty years or more, is the outcome of some ten years of most arduous planning to make the best use of three large benefactions of three wealthy citizens made on three different occasions, for founding an Art Institute.

Legal difficulties had to be overcome to secure the combination of these bequests for a common end, and natural preferences of families, interested in the administration of the several bequests, were eventually harmonized.

Meanwhile, the funds were allowed to accumulate and a sum adequate to the splendid and matured intentions of the enterprise became available. Then a choice location was donated by still another generous citizen, affording a beautiful site looking upon a fair lake in Wade Park. After three years the beautiful and stately white structure, costing a million and a half, was completed this summer and opened to the public.

Already most valuable and unique gifts had been contributed by different wealthy Clevelanders; collections of tapestry from the Barberini palace in Rome, Italy, which with another gift of collection of arms and armor were to be placed in the "Court of Tapestries and Armor;" collections of rare Japanese and Chinese art work, textiles, metal and porcelain; an unusual collection of beautiful garden architecture and sculpture; a very large private gallery of choice paintings; a collection of jewelry; altogether eight different very costly, and some of them, quite large accumulations were thus ready to be installed.

It is unnecessary to say that every possible provision for art use, education and display is arranged for in the beautiful building, and for the future constant additions to its treasures, an art expert will be maintained, by endowment funds, in continuous travel, exploration, research and purchase trips abroad. This fund, also, has been contributed by several wealthy citizens.

One of the rules for the further expansion of museum collections is that "no article which is not a sample of the best of its type shall find a place" in it, and, absolutely, no imitations!

When the Cleveland museum was ready for dedication, among the guests of honor were some forty or more representatives, presidents, directors or other officials of the Art Institutes, Museums or Societies of our largest cities and a loan collection gathered from art centers, galleries, art dealers, private collectors

in all parts of the country was displayed.

Among Judge Sanders opening words were the following, having a present day color: "In the 14th century, an art loving people in Italy, amid distractions and distress of war wrought wondrous things in the world of art. In the proud city of Florence, while her citizens were battling with foes without and struggling in bitter and bloody quarrels within her walls, Giotto designed and in large measure constructed the campanile of the Cathedral, and the Florentines waited and watched and eagerly hoped for the completion of Giotto's tower which Longfellow somewhere describes as 'the fairy lily of Florence blossoming into stone.'"

"So in the past two years, with the greater part of the civilized world suffering the horrors of war, appealing to sympathetic hearts on this side of Cleveland have watched and waited and eagerly hoped for the completion of our Museum of Art."

How true, how pertinent, and yet how easily forgotten or ignored is the motto of the old Latin primer, "Vita brevis sed Ars longa est." Time and the individual pass, but art endures! And are not those individuals or communities the wise ones who provide most painstakingly and generously, even lavishly for those "best things" which alone endure! And is it not a source of just pride and gratification when prospered sons of honored fathers are found giving themselves to the promotion of a love and serious cultivation of these best things, and their preservation in the communities where they live?

Chicago LIVESTOCK MARKET.

Alexander, Ward & Conover in a review of the Chicago live stock market, say:

On account of the prospective railroad strike a week ago, packers and shippers bought everything here suitable for their eastern houses New York, and elsewhere; not only that, they bought in Ohio, Indiana, Pennsylvania, and Kentucky, the latter all going east, which gave them an over supply in the east since the strike did not materialize, and this caused a slower, lower market here this week on the bulk of the offerings, many state cattle carried over from Friday and Saturday. Nothing except a few of the prime heavy and yearlings showed any advance that being from 15 to 25c, with the market closing lower today on everything outside of a few prime heavy cattle. Top for the week on heavy prime 11.50 both Monday and today. After this week with proper distribution, we look for a healthy market, for there is a broad demand for all kinds of meats, and the outlook favors good prices for the bulk of beef cattle, especially on the prime kinds which are in light supply now in the country.

Butcher Market. Good to choice cows and heifers, 25 to 25c higher, common and medium cows 15 to 25c higher, canners 15 and 25c higher, good to choice bulls 15 to 25c higher, common and medium bulls steady. Calves 25 to 50c higher, top on vealers \$12.75. A good active market and everything bought up.

Hogs. Hog receipts this week so far only 27,000, prices have reacted from low points last Saturday 25 to 50c. Top today 11.50, within 5c of the record. Plain half fat stuff difficult to sell. 11,000 carried over tonight. We still expect 12c hogs.

Sheep and Lambs. Sheep and lambs 10 to 15c higher, native lambs 1.0 to 10.65, yearling wethers 8.25 to 9.00. Good to choice feeding lambs 9.85 to 10.25, ewes 5.25 to 5.75, wethers 6.50 to 7.00, yearling wethers 7.25 to 8.25, young breeding ewes 8.25 to 10.50, old solid mouthed good quality breeding ewes 7.00 to 7.75.

LOWDEN GOVERNOR; SLOGAN OF VOTERS

Pledges Efficient Service to People and Works for Party Success.

Frank O. Lowden, measuring four-square, is pre-eminently the man for governor of Illinois. That the Republican voters of the state realize this and are giving him a support that will insure his nomination in the primary

outside the city of Chicago, are almost universally endorsing him.

No Factional Control.

"I am not and will not be the candidate of any faction, and I will take no part in any factional contests," says Col. Lowden, "either in Cook county or in any other county. I will not be a party to any slate ticket. As a candidate I shall make no promises, either express or implied, and shall have no alliances, either direct or remote, which will embarrass the free exercise of my best judgment in discharging the duties of governor should I be nominated and elected."

High Government Ideals.

Let the voters of Illinois ask themselves if a more direct or explicit statement could be made in the cause of good government? Every charge of factionalism is without basis, made not with intent to state a truth, but for the sole purpose of misleading the voters of the state in an effort to have prejudice rather than fact direct the casting of their votes.

Man of Broad Experience.

In Col. Lowden the Republicans of Illinois not only have an experienced business man, a lawyer of force and wise counsel, one selected because of his manifest qualification to fill the chair of Federal Jurisprudence in Northwestern Law School, but also a farmer, not in theory, but versed in the practical problems of the farmer and stock breeder.

Represents All Classes.

Not only have the small merchants of the country, cities and villages, the toilers and workers of the state, opportunity in supporting Col. Lowden to secure an active champion and one who by reason of his residence in the country understands the problems which beset them as distinguished from those of the big cities, but the farmers of Illinois have opportunity of making governor a man who knows the problems of the farmer, not as a theory, but from 15 years of active work in the development of farming, dairying and live stock breeding along approved practical lines.

He is Practical Man.

Farmers of this state who have been privileged to hear Col. Lowden speak at gatherings where the needs of agriculture and modern farming have been considered, attest the statement that he proves himself a practical man—a surprise to those who are not intimately acquainted with Col. Lowden's activities in agriculture. As one farmer said, who heard him address a meeting of farmers: "He talks our language; he knows our business."

Where, we ask the voter in every line of work, can you find a man better equipped than Col. Lowden to serve you? From every standpoint it is clear he is the man to vote for and to be the Republican nominee for governor.

FRANK O. LOWDEN.

Wednesday, September 13, is daily evidenced by the reports from every section.

No Abuse or False Issues.

He has not indulged in personal abuse nor raised false issues. He has not attempted to belittle, malign or besmirch any other Republican candidate and he will not do so. Col. Lowden takes the position he would rather be defeated at the Republican primary than resort to methods that will jeopardize the success of the Republican party in Illinois at the November election.

Working for Party Harmony.

Col. Lowden is devoting himself to a discussion and advocacy of Republican policies, national and state. He is pursuing a course which means party harmony and party success. Republicans in every part of the state are commending him and newspapers,

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said: "Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth gleam and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulations you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a literal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sentinel Kemedies Co., Inc. Dept. B. Masonic Temple, Cincinnati, Ohio.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."—Mrs. Fred Becke, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. Thos. Dwyer, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 26 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss Irene Froelicher, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FUND FOR RETIRED MINISTERS
DISCUSSED AT CONFERENCE

Dr. Chapman Unable to Come For Evangelistic Services — Bishops and Ministers Guests of Gov. Dunne.

(By C. R. Morrison)

Springfield, Ill., Sept. 7.—Rev. F. B. Madden by motion of the Bishop became a member of his cabinet during the session of the conference, because of the illness of Dr. Van Cleave of the Decatur district. This is a high compliment to Dr. Madden, and came unexpectedly, as Dr. Gibbs was expected to represent the district in the Bishop's Council. The many years of secretaryship of the conference, and the six years as Superintendent of Champaign District, has made Dr. Madden quite familiar with the men and plans within the bounds of the conference.

Bishop Wilson had on the platform with him today Bishops Hamilton and Nicholson, both of whom are here in the interest of the church's special work, and each received a kindly greeting from the conference.

Retirement

The following men were retired from the active work of the ministry on account of illness or age at their own request: L. G. Adams of Raymond, M. F. Ault of Hume, and Abner Clarke of Martinsville.

The announcement of the withdrawal of A. M. Ewert of Griggsville from the Methodist Episcopal church to enter the Protestant Episcopal church was made, and his ordination papers were endorsed and returned to him.

Question of the Day

At 10:00 the report of the commission on program for the campaign for one half million dollars as a permanent fund for the retired ministry was taken up and with private copies in the hands of the conference membership the report was read by Dr. B. F. Shipp of Bloomington, and finally adopted. It looks to a merging of the funds of the Preachers' Aid Society and the Conference Claimants Fund, under the management of the conference, with the Preachers' Aid treasurer as treasurer of both funds, under stipulated bonds. Mr. Buck Prentice of Chicago is the present treasurer.

Another important feature is the lengthening of the number of years one may secure annuity—from 2 years to 25, in accordance with the general law of the church in its recent legislation. The commission to be appointed will consist of 30 men—a majority being laymen, and a plan for an every family canvass among the rural churches this autumn and the city churches in the winter and the village and small town churches in the spring. It is hoped to have the entire conference canvassed by conference next September.

Evangelism

It was regretted that Wilbur Chapman and his evangelistic singer, Charles Alexander, were not able to keep the appointment for a series of addresses—as planned for the conference. But Dr. Harlow V. Holt of Gary Memorial church, Wheaton, Ill., was secured to take his place and made a fine impression in the two lectures given thus far before the conference.

While not decrying professional evangelism, Dr. Holt at the same time spoke of the loss to the church and the pastor in delegating to the evangelist, a work that was committed to the church and its pastor of winning souls to Christ.

Receptions

At six o'clock, Gov. Dunne had at supper, at the Executive Mansion, Bishops Wilson, Nicholson and Hamilton and the eight district superintendents, and then at 9 o'clock the entire conference, together with the ministers, wives, and hosts and hostesses were entertained by an informal reception. In making the announcement Bishop Wilson publicly expressed his appreciation of the courtesy and urged unanimous acceptance of same by the parties invited. It was a hearty social gathering, not often enjoyed by the itinerant Methodist preacher, accustomed as he is to all sorts and sizes of public receptions.

Epworth League

The evening service was in the hands of the young people of the Epworth League. The editor of the Epworth Herald, Dr. Dan B. Brummitt of Chicago delivered the address of the evening.

The excessive hot weather has been sorely felt by all, who not able to have a special "Palm Beach" suit have sweated in business or Prince Albert suits.

The soldier boys from El Paso, encamped at the Camp Lincoln are quite in evidence on the streets and the camp has been visited by many of the preacher folks between sessions.

Many laymen are present to attend the Laymen's conference of tomorrow and the educational banquet in the evening. No intimation as to where the conference will meet next year. It is probable that the District Superintendents may be requested to find a place and arrange for the session.

SCHOOL BOOKS OF COUNTY
We carry a complete line of both new and second hand books, Lane's Book Store, W. State street.

Mrs. T. E. Cockin has returned to her home in Arenzville after a visit of several days in Bluffs.

WINCHESTER.

Winchester, Ill., Sept. 7.—Miss Catherine Watson left Thursday for St. Louis where she will visit for several days and will then leave for East Liverpool, O., where she will teach the coming winter.

A public sale was held Thursday by George Anders who has been residing on the Grout farm. Quite a large number were in attendance. Horses sold at comparatively low prices but other live stock and implements sold at higher prices. Mr. Anders has rented the Edward Balsley farm for the coming year.

Mr. and Mrs. Ormsby Dawson have returned from a pleasant visit in Chicago, and Mrs. Dawson's parents, Mr. and Mrs. Peter Kastrop, are now visiting at the Dawson home.

Mrs. Fred Megginson of Jacksonville attended the North funeral here Wednesday and was one of those who assisted with the flowers, her name being unintentionally omitted from the list.

Mr. and Mrs. John Richardson are visiting at the home of W. E. Coulter.

James Carlton and family and Mrs. Fred Markillie were Jacksonville visitors Thursday.

Miss Lois Welch has been ill the past week but is now improving. George Hogan was a Jacksonville visitor yesterday.

100 per cent wool is the guarantee with Capps' clothes. Sold by Tomlinson.

FALL FESTIVAL WILL BE HELD WITHOUT CARNIVAL
Jacksonville will have a fall festival but there will be no carnival in connection with it. This was definitely decided by the committees in charge of arrangements Thursday when it was learned that the Thomas W. Allen shows have a number of concessions operating games of chance.

Theodore Roedecker general agent for Mr. Allen, has been here for several days in consultation with the committees. When it was learned that concessions with games of chance were with the shows the committee said that they could not use the shows. They knew that such concessions would not be allowed to operate and that it would not be wise to let the shows come and then stop some of them as it would surely cause trouble.

The committees will go ahead with arrangements and the festival will be held as planned except that there will be no carnival company. It is probable that a number of free attractions will be booked and more attention will be given to working up the horse show and other features of local interest.

TOOK PRIZE IN BEARDSTOWN
The W. S. Ehnie automobile decorations proved able to win a prize for the second time this season when a car bearing the same materials used here was adjudged worthy of first place in the Beardstown automobile parade. A well known citizen of the Cass county city purchased the decorations from Mr. Ehnie and the car, thus decked, won the prize in a parade fifteen blocks in length. The judges were six traveling men, in Beardstown at the time, whose names were not announced.

IMPORTANT TO PARENTS
If your children have books to exchange or old ones to sell, send them at once to Lane's Book store, West State street.

AUTO TOURISTS HERE
Mrs. Fannie Lindsey and two sons, and Mrs. Vine Skels, sister of Mrs. Lindsey, all of Oneida, Ill., were in the city Wednesday enroute to their home after a touring trip thru Kentucky. They visited in the city with Mrs. T. F. Douglas and other friends. While here their cousin, James G. Strawn, entertained them by showing them various points of interest in Jacksonville and surrounding territory. They started for their home yesterday morning.

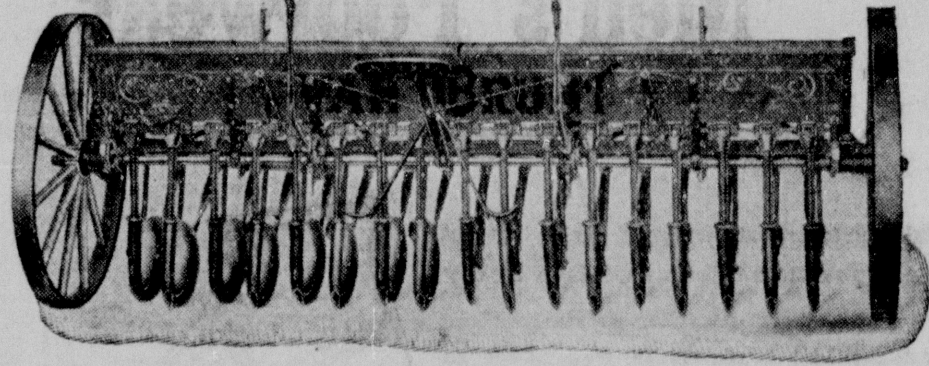

HAVE "OUTING" INDOORS
The Jacksonville Boy Scouts had their outing Tuesday afternoon cut short by the rain, having just left the city when the storm came. They returned to the association building and prepared their mulligan stew and other dishes in the Y. M. C. A. basement. Mr. Brewer, the physical director, and the scout corps enjoyed the occasion fully, tho the program of scout practice, which was to have been carried out by the boys at the Henderson farm, north of the city, had to be abandoned.

LET ELEVATOR CONTRACT
M. J. O'Meara of Springfield has secured the contract for construction of the building for the Murrayville Farmers' Elevator Co. and the work of excavation has already begun. The elevator will have a 35,000 capacity and will be up to standard in every detail.

Mrs. Max Gehrig and Miss Rosa Goheen visited Mrs. Henry in Woodson yesterday afternoon and attended the chicken fry.

GOLDEN WEDDING OBSERVED BY SCOTT COUNTY COUPLE

Mr. and Mrs. Rufus Funk of Exeter Celebrate the Fiftieth Anniversary of Their Marriage.

A gathering of a hundred or more friends and relatives assembled at the residence of Mr. and Mrs. Rufus Funk at their handsome and commodious home, a mile south of Exeter Thursday afternoon to take part in celebrating the fiftieth anniversary of the host and hostess.

Mrs. Funk was formerly Miss Amanda Louisa Hitt, daughter of Benjamin Hitt who was a brother of Elisha Hitt, so long and favorably known in this community and who lived for years just opposite the place of Mr. and Mrs. Joseph Yingling west of the city. Mrs. Funk's father built the large brick house now owned and occupied by Thomas Hardwick near Merritt but long ago sold it and moved to Saline county, Missouri, where the wedding took place.

Mr. Funk is a native of Scott county and took his bride to the place they have ever since occupied. Mr. Funk primarily followed the occupation of a farmer but was county superintendent of schools for a time but has held no other office, tho repeatedly urged to become a candidate for various positions of trust and prominence. He is a consistent member of the Baptist church and for more than thirty years has been master of the Masonic lodge at Exeter. His wife is a member of the Methodist church and is a faithful adherent to the organization. Both are widely known and great respected by a large circle of friends in Scott county and elsewhere.

Their children are F. C. Funk, county judge of Scott county; Mrs. W. W. Sappington of Winchester and Mrs. C. N. Priest of this city. They also have three grandchildren; two in Judge Funk's family and one in the family of Mr. Priest.

The day was most happily spent by the assembled guests and while there was no formal program all devoted themselves to having a good time and most certainly succeeded. A superb dinner was served and everything that heart and palate could wish was set before the guests, and fully enjoyed by them. A number of handsome and useful presents testified to the esteem in which Mr. and Mrs. Funk are held by a host of friends.

SPRINGFIELD MAN WAS RECKLESS WITH REVOLVER

Fired at Grocer Who Was Not Prompt—Infant Left on Doorstep in Capital City.

Springfield, Ill., Sept. 7.—Angered because he was not receiving his groceries in the morning in time for breakfast, Frank Curtis of this city this morning entered his grocer's store and began firing at him, using a large 45 revolver. The grocer sought refuge behind a counter and a clerk who came to his rescue was also fired at. Fortunately no one was struck by the flying bullets, but Curtis is now confined in the city prison awaiting trial for attempt to kill.

A baby was found this morning at 8 o'clock on the steps of a subway barber shop by the porter of the place. The porter says the infant was alive when he saw it, but when he returned after summoning aid from the barber shop the child was dead. The authorities believe death was caused by exposure as the infant was unclothed. No clue has been found as to the parents of the child.

A JACKSONVILLE BOY MAKING GOOD

Many will remember Mrs. Olley, formerly teacher in the high school of this city, and her son William. Since leaving Jacksonville Mrs. Olley has married and the Journal's informant thought her present husband is Rev. J. E. Artz but was not positive. William is rising to eminence on the stage and now has a leading part in "Canary Cottage," in Oliver Morosco's company and at the same time is understudy for Mr. Ruggles, chief comedian of the company and is much esteemed.

SCHOOL RULES AND REGULATIONS CONTAINED IN NEW PUBLICATION

Copies of Rules Adopted by the Board Aug. 7 Now Ready for Distribution—First General Teachers' Meeting Saturday Morning—Janitors Study Regulations.

With the completion of registration in the high school and with a thorough discussion of plans for work of the coming year, at the first general teachers' meeting to be held Saturday forenoon at 10 o'clock in David Prince auditorium, all will be in readiness for the first day of the new school year, Monday, Sept. 11. Supt. H. A. Perrin will preside and attendance will be full as practically all of the teachers are in the city, ready to begin the new term.

Supt. Perrin has called attention to a rule regarding primary entering classes, raising thereby a point which comes up each year. Copies of the rules and regulations, adopted by the board Aug. 7, of the present year are off the press and will be distributed to the teachers, as well as to other persons especially interested. Under the heading, "Primary entering Class" the rules state: "New classes in the lowest grade of the primary department shall be formed only at the commencement of the school year in September. No pupil beginning the work of the first year shall enter school during the first term later than Oct. 1, but any pupil becoming six years of age before November 1 may enter school at the opening of the fall term."

No action has been taken toward the deferring of the school opening and unless marked changes in the present situation occur no such postponement will be made. Most authorities agree that the infantile paralysis epidemic, so called, has been overly played up and that needless fears have often been aroused.

The new rules contain some good suggestions with regard to health requirements. It is specified that principals, teachers, janitors and other school help secure a physician's certificate showing them to be free from tuberculosis and certifying that they have sufficient vitality to warrant their entering schools where children congregate. Such certificates must be filed with the superintendent at least one week before school begins in September.

Accurate book lists will be furnished each child the first day of school. At the beginning of the term principals and teachers are the recipients of countless questions, regarding courses of study, standing, etc. Since it is now provided that ward school principals act also as teachers, the superintendent suggests that parents telephone to the grade buildings only in the hour just before and in the hour just after the regular school day. During the time when school is in progress they will hardly have the time to attend to such matters.

The Time to Telephone.

In the matter of the use of telephones, the rules say: "Pupils will not be permitted to use telephones. The teacher will receive and transmit all necessary communications between parents and children. Telephoning during school hours should be reduced to the absolute minimum."

Regarding the office hours of principals the regulations have to say: "Principals shall establish office hours one hour before opening of school in the morning and one hour after the close of school in the afternoon. Principals should be on duty at least fifteen minutes before the opening of the afternoon session."

School for Janitors.

Supt. Perrin held a school of instruction for janitors at the David Prince school building Thursday morning. All the janitors of the various schools of the city were present and were instructed by the superintendent regarding the new rules and regulations governing their work. E. F. Johnston, deputy fire marshal was present and explained the use of the new fire extinguishers which have been placed in the various school buildings. T. V. Hopper, chairman of the building and grounds committee of the board of education, also spoke regarding the report which the state inspectors recently made regarding the Hartford boilers.
